

Admission with foreign nationality and/or foreign diploma

Did you obtain a diploma abroad and/or do you have a foreign nationality? Then the Marnix Academy will assess whether this diploma meets the admission requirements of the program of your choice.

Other requirements are:

- You must have a valid residence status. The Marnix Academy cannot provide this to you. For information on residence rights, please contact the Immigration and Naturalization Service (IND).
- Your diploma must be valued by Nuffic.
 - For the full-time course: at Havo or VWO level
 - For the part-time course: at HBO or WO level
 - For the AD-Pep: at MBO-4 level

In some cases, the Marnix Academy can request a level determination of your diploma for you from Nuffic. Please contact the [student dean](#) for this.

- You can demonstrate your command of the Dutch language by means of an NT2 program II certificate.
- You pass the admission tests (if less than VWO level or completed HBO level), see www.goedvoorbereidnaardepabo.nl.

If your situation is not listed, please contact the [student dean](#).
